

Đuro Đaković - CIR Ltd. the company list of some references  
**2009./2010. year**

- Supervising of welding and non-destructive testings (radiography and isotopes, ultrasound, magnetic particles, penetrants) on the reconstruction oil platform "KEY MANHATTAN" for **"R.T.S.G." Ltd., United States.**

**2008. year**

- SYRIA 2008. general inspection and testing load-bearing capacity steel structure SKYTOP I for **"CROSCO" OIL SERVICE Ltd**, Zagreb, Croatia.
- EGYPT 2008. general inspection and testing load-bearing capacity steel structure for **"CROSCO" OIL SERVICE Ltd**, Zagreb, Croatia.

EGYPT 2008.

SYRIA 2008.  
2007. year

- GULF OF GUINEA 2007. on platform ZAGREB 1 general inspection and testing load-bearing capacity steel structure for **“CROSCO” OIL SERVICE Ltd, Zagreb, Croatia.**
- Supervising of welding and non-destructive testings (radiography and isotopes, ultrasound, magnetic particles, penetrants) on the reconstruction oil platform **“OCEAN KING” for “CROSCO” OIL SERVICE Ltd, Zagreb, Croatia**

GULF OF GUINEA 2007.  
2006. year

- ASTRAKHAN 2006 god. For client **CROSCO INTEGRATED DRILLING and WELL SERVICES Co** , for RN KASPMOR, is executed general inspection and testing load-bearing capacity steel structure of DERRICK DRECO, MODU ISPOLIN , on location Astrakhan, Rusija. Testing is realize in period from 25.09.2006 to 30.09.2006.g.
- DERRICK 160' on platform OCEAN KING general inspection and testing load-bearing capacity steel structure for **“CROSCO” OIL SERVICE Ltd**, Zagreb, Croatia
- LAMJANA 2006. Supervising of welding and non-destructive testings (radiography and isotopes, ultrasound, magnetic particles, penetrants) on the reconstruction oil platform OCEAN KING for **“CROSCO” OIL SERVICE Ltd**, Zagreb, Croatia

2006. Astrakhan, Rusia - "CROSCO" OIL SERVICE Ltd. for RN KASPMOR

LAMJANA 2006 god. □ oil platform OCEAN KING □ for □ CROSCO OIL SERVICE Ltd.  
2005./2006. year

- Supervising of welding and non-destructive testings (radiography and isotopes, ultrasound, magnetic particles, penetrants) on the reconstruction oil platform "TRIDENT IV" for "CROSCO" OIL SERVICE Ltd, Zagreb, Croatia
- Tlačna proba reaktora za amonijak - " **Petrokemija** " - Kutina

---

#### 2004. year

- Supervising of welding and non-destructive testings (radiography and isotopes, ultrasound, magnetic particles, penetrants) on the reconstruction oil platform "LABIN" for " **CROSCO** " OIL SERVICE Ltd

, Zagreb, Croatia

### 2003. year

- Surveillance above the testing Stripper columns T-2202 **“INA” d.d.-Pogon Molve Zagreb**
- Examination of compression part of kettle “Steambloc With-230, factory No. 1549” boiler room **IPK Belje-B. Manastir**
- Examination of compression part of kettle “Steambloc With-2500, factory No. 065” **“Đ. Đaković” EI d.o.o. Slavonski Brod**

### 2002. year

- Testing autoklava factory No. 211 **“Lipk glas” d.o.o. Lipik**
- Testing and evaluation of states Absorbent columns T-14203 **“Petrokemija” d.d. - Kutina**
- Testing and evaluation of states of Oxidation column T-14201/202 **“Petrokemija” d.d. - Kutina**
- Examination compression part five “Steamblock” kettles **“Toplina” Slavonski Brod**
- Examination of compression part of kettle **“Finvest”, Drvar, Bosnia and Herzegovina**
- Examination “Steamblock” the kettle type With-600 **“INA” Zagreb**
- Testing of globular fuel tank KD **“Energo” Rijeka**
- Surveillance above the examination. and repair Stripper columns T-2202 **“INA” d.d.-Pogon Molve Zagreb**
- Examination of compression part three “Optimal” the kettle **“Hospital Dr. J. Benčević” Slavonski Brod**

### 2001. year

- Testing and evaluation of states of Oxidation column T-14101/102 **“Petrokemija” d.d. - Kutina**
- Testing and evaluation of states Absorbent columns T-14103 **“Petrokemija” d.d. - Kutina**
- Analyses of states Absorbent columns T-21101 **“Petrokemija” d.d. - Kutina**
- Testing, technology improvements, surveillance above the improvement and evaluation of states Absorbent columns T-21101 **“Petrokemija” d.d. - Kutina**
- Testing and evaluation of state of Reactors R-23121 **“Petrokemija” d.d. - Kutina**
- Surveillance above the examination. and improvement Stripper columns T-2202 **“INA” d.d. -Pogon Molve Zagreb**
- Testing of fuel tank for UNP **“INA” Zagreb, PJ Slavonski Brod**

### 2000. year

- Testing experimental load «**BRIDGE ON SAVA GRADIŠKA**»
- Examination of cooling bundle of kettle With-1200 factory No. 898 “**Toplina**” d.o.o.

**Slavonski Brod**

- Surveillance above the examination. and improvement Stripper columns T-2202 “**INA**”

**d.d.-Pogon Molve Zagreb**

- Establishing of causes of damage and states of material of screen pipes of angular pipes kettle factory No. 2103 “**Slavonia DI**” **Slavonski Brod**

---

**1999. year**

- Establishing of states of material of fuel tanks for CO2 factory No. 1683 “**Messer Tehnoplín**”- **Ribnjaci**

**1998. year**

- Establishing of causes damages of superheaters match the kettle factory No. 1099 “**Sladorana**” d.d. - **Županja**
- Testing of Reactor R-23121 on the plant of Ureas II “**Petrokemija**” d.d. - **Kutina**
- Will drink up. Absorbent columns T-21101 on the plant Ammonia II “**Petrokemija**” d.d. - **Kutina**
- Testing Stripper columns T-21102 on the plant Ammonia II “**Petrokemija**” d.d. - **Kutina**
- Testing of cooling bundle of kettle factory No. 897 “**Toplina**” d.o.o. **Slavonski Brod**
- Testing, evaluations of states and surveillance above the improvement of globular fuel tank factory No. 4495 “**Polihem**” **Tuzla, Bosnia and Herzegovina**

**1997. year**

- Material testing of pressure vessels D-801 and 40 THAT 280 “**Kemikalije**” d.o.o. **Zagreb**

**1996. year**

- Examination of boiler factory No. 4587 “**Zora**” d.d. -**Sarajevo, Bosnia and Herzegovina**
- Testing of colon T-14203, T-14201/202, T-21101 and R24102 “**Petrokemija**” d.d. - **Kutina**
- Testing and evaluation of states of globular fuel tank “**Polihem**” **Tuzla, Bosnia and Herzegovina**

### 1995. year

- Establishing of states of screen pipes of boiler factory No. 4490 “**Tvornica šećera Osijek**” d.d. **Osijek**

### 1994. year

- Testing of colon T-23171, T-23172, T-23173, R-23121 “**Petrokemija**” d.d. - **Kutina**
- Testing of boiler factory No. 381 “**Ascommerce**” **Osijek**

### 1993. year

- Testing of kettle factory No. 11036 “**Oroplet**” **Pleternica**
- Testing of superheater matches the kettle BKG 60 “**Likom**” **Osijek**
- Expertise about the damage of the entry chambers of superheater II on the kettle factory No. 2881 “**HEP**”, **TE-TO Osijek, Osijek**
- Examination compression systems of boilers factory No. 11740, 11741, 11742, 644 “**Tv. šećera**” **Županja**

### 1992. year

- Examination of compression system of kettle factory No. “**HEP**”, **TE-TO Osijek, Osijek**
- Examination of the entry chambers of superheater II on the kettle factory No. 2881 “**HEP**”, **TE-TO Osijek, Osijek**
- Expertises and improvements of kettle 58 MW “**HEP**”, **TE-TO Osijek, Osijek**

### 1991. year

- Examination of kettle factory No. 3858 “**Refineries of oils Modriča**”, **Modriča, Bosnia and Herzegovina**
- Establishing of state of screen system and superheaters match kettles factory No. 5569 and 5570 “**Šećerana Virovitica**” **Virovitica**
- Testing of kettle R-3 “**SP Borovo**”, **Vukovar** Establishing of state of boiler drum “**Zorka**” **Šabac, Yugoslavia**
- Testing of angular pipes kettle factory No. 221 “**Kidričevo**”

---

### Works before 1991. years

- Testing of kettle type UFP-3200/28 **PIK "Klas" N. Gradiška**
- Establishing of state of screen system of kettle factory No. 644 **"Tvornica šećera"**

#### **Županj**

- Testing of angular pipes kettle THESE-10 **DI "M. Mataija" Novi Vinodolski**
- Testing of kettle Toward-IIB **TE Sisak, Elektroprivreda Sisak**
- Testing of kettle Toward-IIA **TE Sisak, Elektroprivreda Sisak**
- Establishing of states of materials of compression system of kettle factory No. 5607 **"Top**

#### **lana Dunav", Belgrade,**

- Establishing of causes damages of heaters lead the kettle 64/80 t/h **"Tvornica šećera"**
